

Skander Bardaoui

Junior Full-Stack Developer

skonbardaoui@gmail.com | +216 50 324 099 | Bizerte, Tunisie | [linkedin.com/in/skander-bardaoui-b916091a5](#) | [github.com/Skander-Bardaoui](#)

PROFILE

Motivated Full-Stack Developer proficient in PHP, Java, JavaScript and Python, with hands-on experience using Laravel, Symfony, NestJS and React. Solid DevOps background (Docker, Jenkins, Kubernetes), BI tools (Power BI, Metabase) and AI integrations. Comfortable in Linux environments and agile teams.

EXPERIENCE

Engineer Intern — AppsFactor | 2024 · Tunisia

- Built a Symfony RESTful API to filter listings by geographic proximity using the Haversine formula.
- Implemented geocoding/reverse geocoding, pagination, proximity scoring and radius fallback.
- Secured the API with API key authentication and request rate limiting.

End-of-Studies Intern — Hometech | Feb – Jun 2024 · Djerba

- Built 3 HR modules for 200+ employees (payroll, leave) — 95% user satisfaction.
- Automated ETL workflows (Talend): 10,000+ records/day synced, error rate < 1%.
- Helped reduce post-production bugs by 30% in a 5-developer agile team.

PROJECTS

SaaS Financial Platform — React · NestJS · PostgreSQL · Docker

Multi-tenant financial SaaS platform (React, NestJS, PostgreSQL) tailored to Tunisian fiscal regulations. Covers the full business cycle: invoicing, quotations, supplier management, inventory, treasury and client portal. Modular REST architecture, RBAC, compliant PDFs (VAT, fiscal stamp), recurring billing and real-time notifications.

UrbanLink — Symfony 6 · MySQL · Docker

Symfony 6 web app for urban transport management (taxi booking, subscriptions, trip tracking). Auth, RBAC, CRUD, PHPUnit tests, Docker, hosted on Render.

GRH avec Laravel — Laravel · PHP · MySQL

Laravel HR management app (profiles, salaries, leaves). Blade + Tailwind CSS, PDF/Excel exports, deployed at Hometech.

EDUCATION

Computer Engineering — Minor in Business Intelligence

Esprit School of Engineering | 2023 – 2027 (in progress)

Bachelor's in Business Intelligence

Institut Supérieur de Gestion de Bizerte | 2021 – 2024

SKILLS

Languages

Arabic (native) · French (fluent) · English (fluent)

Frameworks

NestJS, React, Spring Boot, Angular, Symfony, Laravel, JavaFX, FlutterFlow

DevOps & Cloud

Docker, Jenkins, Kubernetes / Minikube, Git, Linux

Databases

MySQL, PostgreSQL, MongoDB, MS SQL Server

BI & AI

Power BI, Metabase, Gemini API, Jupyter, Scikit-learn
